**Postal service**

A fieldpost office is serving the exercise. From 21 September the post office is situated at Almnäs. 3 October the personnel will follow the forces to Gotland/Betaland and will be situated at MKG until 9 October.

The field postoffice is served by Swedish fieldpost personnel, normally working at the Swedish Post.

Post addressed to units and elements and personnel in the exercise will be distributed through the fieldpost office.

The fieldpost office can exchange the most usual foreign money (DKK, EEK, FIM, LVL, LTL, NOK, USD and DEM) to SEK.

Postal articles, letters and postcards, delivered through the fieldpost office will be postmarked with a special postmark from the NP-98.
